Student's Signature: _______________________

**Key:**
- o: Fall
- o: Spring
- o: Fall & Summer
- o: Spring & Summer
- o: Courses to be taken together in module
- *: Elective

---

**Minimum GPA Requirement**

Students in master’s and most professional diploma programs must maintain a B (3.0) grade point average (GPA) or higher, to continue in their programs and to graduate, unless otherwise specified. For students in Ed.D. and Ph.D. programs, a B + (3.5) GPA or higher is required. Students' academic records are reviewed throughout their programs. If a student's grade point average falls below the requirement, the School may require additional, alternative, or remedial coursework, or other measures to assist the student to improve his/her academic record. Failure to improve or to maintain the required GPA may result in termination of a student’s matriculation.
