The MS in Applied Statistics and Decision-Making program at the Gabelli School of Business provides opportunities for students who want to advance in data science. A broad foundation in statistics and the ability to apply it to a specific field—such as finance, big data, or healthcare—is offered through specialized electives and workshops.

**APPLIED AND EXPERIENTIAL LEARNING**

- March Data Crunch Madness competition
- Data mining workshops
- Students provided membership in the American Statistical Association

**EXTRACURRICULAR ENGAGEMENT**

- The Fordham Business Analytics Society connects students with analytics industry leaders, and offers educational resources through special events and initiatives.
- The Fordham Digital Business Society aims to create a professional network of students, faculty, and businesses in the field, as well as to inform students of the latest trends.
- Research Center: The Center for Digital Transformation

**RECENT EMPLOYERS OF MSSD GRADUATES**

American Express, Barclays Investment Bank, Cognizant, Convergex, Deloitte, Emblem Health, HSBC, Smart Capital International, United Nations

**CAREER PATHS**

Consultant, Developer, Investment Analyst, Quant Analyst, Risk Management Manager

**ALUMNI PERSPECTIVE**

"Beyond bringing an unparalleled level of knowledge to the classroom, the professors that I encountered at Gabelli worked hard to challenge me to apply business theories, big data, web analytics, and statistical techniques to the real world."

JESSICA ULBRICH, MSSD '17
Manager, New York Client Consulting, Factset Research Systems
