Without a Fordham Law education, my life would have taken an entirely different path. Fordham Law School changed my life, and it has the same empowering effect on so many talented young people.

In addition to providing students with a variety of skills to help them become great lawyers, Fordham Law develops lawyers who are knowledgeable, motivated, client-centric, and practical. As the global business world becomes increasingly complex, these attributes are critical.

My degree from Fordham was the key to opening doors to a world that I did not even know existed when I was growing up. I have enjoyed an incredibly successful career. The foundation of it was the education I got at Fordham.

Resume Advance

Fordham Law's Resume Advance Program is the fastest, most direct way for out-of-town employers who have not yet participated in our On-Campus Interview Program to familiarize themselves with the well-qualified, extremely motivated, high-performing students of Fordham Law.

Nationally recognized for the quality of its scholarship as well as its focus on the craft of lawyering and instilling a spirit of public service, Fordham's complete legal education shapes uniquely qualified graduates. In fact, Fordham Law is one of the top 25 law schools measured in terms of Class of 2017 initial employment with Big Law (firms with 101+ attorneys) and federal clerkships reported to the ABA.

No Risk, No Fee

Through this program, employers have no advance commitment to interview at Fordham Law. Registered employers receive resumes from students with a strong interest in working at their organizations in their cities. Upon review of the resumes, employers have the option to schedule a visit to Fordham Law to interview as many or as few students as they wish. Employers receive resumes in early July, and there is no fee to participate in this program.

High Rewards

Employers have 100% selection of the students they wish to interview. This differs from the traditional Fall On-Campus Interview Program, where employers select only 60% of the students on their interview schedules. The Resume Advance Program serves to introduce employers from across the nation to the strength of our exceptional student body—a strength that attracts hundreds of repeat participating employers to our On-Campus Interview Program each year.

Flexibility

Employers who choose to visit Fordham Law after reviewing resumes have their choice of interview dates during our Early Interview Week. In 2019, Early Interview Week will take place July 29–August 1. This portion of the program typically coincides with Early Interview Week programs at Columbia and NYU, giving employers the convenience of making one interview trip to New York City.

How to Participate

Interested employers should contact Assistant Dean Suzanne Endrizzi via email at sendrizzi@law.fordham.edu or by phone at 212-636-7157.
