

HOW TO GET TO THE LOUIS CALDER CENTER – BIOLOGICAL STATION FORDHAM UNIVERSITY, IN ARMONK, NEW YORK

GPS Address: 31 Whippoorwill Road, Armonk, NY 10541

1. Here's your game plan: Get yourself to Interstate-684.

How you get to I-684 depends on where you are starting from. [See the choices below.](#)

From the [Bronx](#), take the Bronx River Pkwy N exit 11E to Cross-County Parkway east...after ca. 2 mi exit left to Hutchinson R. Parkway N and drive to exit 23A to I-684 (northbound)

From [northern Westchester](#), Putnam, or Dutchess Counties, just get on I-684-southbound.

From [northern New England](#) get to I-84 westbound (through N. Connecticut).

From [southern New England](#) take I-95 or the Merritt parkway west to I-684-northbound.

From [Long Island](#), take the Throgs Neck Bridge to I-95 or the Hutchinson River Parkway N

From [upstate NY](#) take Rte. 17, NY state thruway (I-87), 9W, or Taconic Pkwy, south to I-84E.

From [Pennsylvania](#) you can take I-84E directly to I-684S.

From [NJ, Rockland-Orange county](#), take Tappan Zee Bridge east to I-287, then I-684 North.

- **Follow I-684 north or south** (depending on your starting point), until the **Armonk exit** (= Exit 3 south). Follow the ramp and turn right onto Route 22 south (actually, it's going west at this point, but that's life).
- Drive only about a quarter mile to the first traffic light: **TURN RIGHT**.
- You will go down a small hill, straight through a traffic light (if green) and past a cute village park (1 block), complete with a pond. Then the road will turn 90° to the left: stay with it.
- About another block's distance will get you to another traffic light: this is Main Street (also route 128). You will see a Citibank on the corner. **GO STRAIGHT** through this light (assuming it's green).
- You are now on Whippoorwill East and will follow this road uphill about 1.5 miles until it ends. You will be at a T-Junction with a new road: Whippoorwill Road. **TURN LEFT** and drive about ½ mile to **#31 Whippoorwill Rd**
Rd on your right, at a stone gate.

The entrance gate looks like this →

7. At the stone gate look for a maroon sign on the right pillar that says →

Louis Calder Center
Biological Field Station
Fordham University

- **TURN RIGHT** at this entrance. You are on the Calder Center property: Welcome! Just inside the gate (on left) is the Caretaker's cottage.
- Continue straight on this road past a right fork in the road (to the Routh House - don't take it!) and continue straight. There is a stone cottage on your right. This is the Administration Building. Please check-in here.
