Pre-Health
At Fordham University

Physician's Assistant (P.A.)

**Description:** Physicians support and manage the health care of people of all ages. They take medical histories, perform physical examinations, conduct diagnostic tests, recommend and provide treatment, conduct research, and advise patients on their overall health and well-being. Many P.A. programs also require prior healthcare experience with hands-on patient care. Most students have about 3 years of healthcare experience before entering a program.

**Training:** 3 years of Physician Assistant Training

---

Exam requirements vary by school
Mean Total GPA = 3.59

**Fordham Resources:**
- Leverage your own personal network or ask your pre-health advisors about shadowing opportunities.
- Check science department bulletin boards or ask a professor directly about lab openings or assisting in research.
- Join FUEMS, Fordham's own student run, on-campus EMT service (ems@fordham.edu)
- A well-rounded sampling of extra-curricular activities or work experiences, both related and unrelated to medicine, will help broaden an applicant’s knowledge and development.
- For more information visit the Pre-Health website, www.fordham.edu/info/21526/pre-health_advising
- More questions? Contact Dean Watts at ewatts1@fordham.edu or in Keating 302
