AGREEMENT entered into to be effective the first day of **July, 2021** between the OFFICE AND PROFESSIONAL EMPLOYEES INTERNATIONAL UNION, LOCAL 153, AFL-CIO, 265 West 14th Street, New York, New York, 10011, hereinafter referred to as the “Union” and FORDHAM UNIVERSITY, whose principal location is East Fordham Road, Bronx, New York, 10458, and its other locations, hereinafter referred to as the “University.”

Whereas, the Union and the University desire to cooperate in establishing conditions which tend to provide fair and reasonable wages and conditions of employment and methods for the fair and peaceful adjustment of all disputes, and

Whereas, the University is a nonprofit educational institution under the jurisdiction of the Department of Education of the State of New York, and

Whereas, the parties hereto obligate themselves to carry out in good faith the provisions of this Agreement recognizing the high trust and responsibility reposing upon the employees to maintain at all times full uninterrupted operation of the University as an educational institution including all of its branches and departments, and

Whereas, the parties solemnly dedicate themselves to resolving any differences which might arise between them through the instrumentalities provided here,

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I-RECOGNITION

The University agrees to recognize the Union as the sole collective bargaining agent for all office and clerical employees, including permanent part-time office and clerical employees who work more than **19 hours** per week on a regular, permanent basis, and excluding Clerks working in the Human Resources Office and all Confidential Secretaries within the University (i.e., those whose work includes access to confidential matters pertaining to the field of labor relations), General and Academic Administrative classifications so certified by the University, occasional part-time and student employees and supervisory employees with authority to hire, terminate, promote, discharge or discipline other employees or effectively to recommend such action. Employees performing office and clerical services while working on grants will be included in the bargaining unit when and if (1) the project supported by the grant is expected to be in operation for at least one year, and (2) when and if there are sufficient funds available in the grant to cover the expenses of all benefit programs provided for in this Agreement in addition to salary costs.

ARTICLE II-SUBCONTRACTING

The University does not contemplate subcontracting to any outside source or agency work which normally or customarily has been performed by clerical employees of the University. In the event that any such subcontracting is to occur, the University agrees to discuss the same with the Union prior to undertaking the same. No employees within the unit recognized in Article I hereof shall be laid off as a result of any subcontracting by the University. In the event any work is subcontracted by the University and employees within such unit are affected thereby, the University will offer such employees employment in other positions for which they are qualified. Nothing herein contained shall prohibit the University from subcontracting if in its opinion such is required for the proper administration of the University.

ARTICLE III-UNION SECURITY

Section 1. The University agrees that all employees covered under this Agreement shall, as a condition of employment, remain members of the Union in good standing.

Section 2. The University further agrees that all new employees hired subsequent to the effective date of this Agreement shall, as a condition of employment, thirty-one days from the date of employment, become and remain members of the Union in good standing.

Section 3. The University agrees to supply the Union with the name, gender, age, address, salary, date of hiring, classification of employees covered by this Agreement within thirty days of the date of execution. At the time a new employee, to be covered by this Agreement, becomes a member of the Union, this information will be supplied to the Union. Thereafter, the Union shall be notified of all salary changes, changes of address, resignations, retirements, death, dismissals, leaves of absence and transfers from a union position to a non-union position as they occur.

Section 4. The University may, from time to time, hire temporary employees for a period of forty-five days of actual work during periods of peak workloads in any department of the University. After such forty-five days of actual work, such temporary employees shall either be severed from the employ of the University, or shall become permanent employees and as a condition of such permanent employment within ten working days become and remain members of the Union in good standing.

In the event a temporary employee is hired to replace a permanent employee who is granted a sick leave or leave of absence, and in the event the leave extends beyond forty-five work days, the temporary employee may be retained by

the University and not become a member of the bargaining unit for as long as the permanent employee remains on leave.

Section 5. The term “date of employment” as used in this article and elsewhere in this Agreement shall mean the date the employee actually commences work.

ARTICLE IV-CHECK-OFF OF UNION DUES AND INITIATION FEES

Section 1. The University agrees to deduct Union dues, initiation fees, and voluntary V.O.T.E. contributions from the wages of each employee. These deductions will be taken in equal installments from each biweekly pay check. These payments will become due according to the following schedule: For persons hired before the twenty-third of the month, dues shall become payable for the following month; for persons hired on or after the twenty-third of the month, dues shall become payable the second following month.

The University agrees to remit such dues, initiation fees, and voluntary V.O.T.E. contributions thus collected to the Union each month, at a time that would insure receipt of said monies at the Union Office prior to the last day of the month, and will make supplemental remittances thereafter of amounts deducted from the salaries of employees then on vacation, on leave of absence or otherwise not on the current payroll. The University will deduct unpaid Union dues and initiation fees from the final paycheck of any eligible employee member.

Any change in the rate of dues and/or initiation fees levied by the Union will be put into effect in the deductions made by the University in the month following the month in which the University receives written notice of the change from the Union, provided the notice is received prior to the twenty-third of the month preceding the month in which the changes become effective.

Section 2. The Union agrees to file an initiation fee, dues deduction assignment form and voluntary V.O.T.E. contribution form with the University for each employee prior to such deductions.

Section 3. The previously signed and unrevoked written authorizations shall continue to be effective as to employees reinstated within 6 months following layoff or leave of absence; previous authorization of other employees rehired or reinstated shall not be considered to be effective.

Section 4. The Union hereby agrees to indemnify and hold the University harmless from any expense or liability that shall arise out of or in connection with the University's action in complying with this Article.

ARTICLE V-WORK SCHEDULES

Section 1. The basic workday is seven consecutive hours, broken by a one-hour meal period on the employee's time. The basic workweek is five consecutive workdays in a seven-day calendar period.

Section 2. The normal work schedule is 9:00 a.m. to 5:00 p.m. with one hour for lunch, Monday through Friday inclusive, except that the lunch hour shall be extended by one-half hour on the day the employee receives **their** paycheck, **unless there is an early closing on that day, and then the extra one half hour is waived.** Other work schedules may be established for specific positions, as required by the University to provide necessary services, but such work schedules shall be consistent with the principles of the basic work day and the basic work week as noted in Section 1 above.

Commencing with the week in which Independence Day is celebrated, and continuing for six (6) consecutive Fridays, the normal workweek will be Monday through Thursday. During this four-day week schedule normal work schedules will prevail except that the lunch period will be extended by one half hour on the day pay checks are distributed. Regular weekly pay rates will be continued during these weeks. Employees required to work on Fridays during the Summer Schedule will be paid at the rate of straight time plus the normal day's pay (double time). Selection of employees to work on Friday will be on a seniority basis.

In the event that Independence Day falls on Friday or Saturday, the Thursday of that week will also be observed.

Section 3. All hours worked in excess of seven hours in a day or in excess of thirty-five hours in a calendar week shall be compensated at the rate of one and one-half times the regular hourly rate, except that all work performed on the seventh consecutive day of work in an employee's work week shall be compensated at two times the regular rate. All monies due for overtime shall be paid on a one pay period lag. All overtime work must be authorized by the supervisor in advance.

Section 4. A full-time employee is entitled to two rest periods of fifteen minutes each during each day's work schedule. The first rest period shall occur in the work session prior to the meal break and the second rest period shall occur in the work session after the meal break. Part-time employees are entitled to a rest period during any work session of three hours or more. A rest period is recess; it is not to

be used to extend the starting time or advance the departure time of a work session. Rest periods cannot be accumulated.

Section 5. A shift differential payment of **30 cents** per hour will be made to all full-time employees who work a regular shift ending at or after 8 P.M.

Section 6. A supper money payment of **\$7.00** will be made to employees working a standard 35-hour week and who work in excess of two (2) hours of overtime in any given day. Employees must submit their request for supper money to their supervisor within 30 days of the incurred overtime. Failure to submit the request within the 30-day period will result in ineligibility for the allowance.

Section 7. Absences and lateness shall be governed by the [University Attendance policy](#).

ARTICLE VI-HOLIDAYS

Section 1. All employees shall receive the following holidays with pay at their regular straight time rate:

New Year's Eve	New Year's Day
Rev. Martin Luther King, Jr. Day	Presidents' Day
Holy Thursday	Good Friday
Easter Monday	Memorial Day
Juneteenth	Independence Day
Labor Day	Columbus Day
Presidential Elections	Wednesday before Thanksgiving
Thanksgiving Day	Day after Thanksgiving Day
Christmas Eve	Christmas Day

Local 153 members who are Veterans and were honorably discharged (members would need to present relevant paperwork in HR) are entitled to have Veteran's Day as a paid day off in recognition of their service

In addition to the above holidays employees shall receive additional recess days between the day following the observance of Christmas Day through the day preceding the observance of New Year's Eve without loss of pay. Any employee required to work on these additional recess days will be paid at their straight time rate, plus their normal day's pay (double time). The parties further agree that when overtime is being scheduled, selection shall be based on "Right of First Refusal". Senior employees will be given first priority in the overtime roster. Should **they** refuse the overtime, it will then be offered to the next senior person until the roster moves to the least senior person, who will then be required to work the overtime.

Employees who have completed six months of service are entitled to one personal day in each calendar year, and each employee who is working in a 52 week-per-year position is also entitled to three additional personal days, all of which can be taken any time during that calendar year. Personal days must be used during the period of entitlement and while an employee is actively at work. Unused Personal Days cannot be accumulated for later use, nor can they be compensated for as part of terminal pay of any kind.

Section 2. When a holiday falls on Saturday, it will be celebrated on the preceding Friday, provided the University is officially closed on that Friday; when a holiday falls on Sunday, it will be celebrated on the following Monday, provided the University is officially closed on that Monday. If the University is not closed on the Friday or the Monday just noted, that Friday or Monday will be a regular working day, and employees will receive another holiday as mutually agreed upon by the University and the Union.

Section 3. All work performed on the day the above holidays are celebrated by University employees shall be compensated at two times the regular rate of pay (in addition to the regular rate of pay). Any such work must be approved in advance by the supervisor.

Section 4. In the event that any of the above enumerated holidays falls on any employee's regularly assigned work day and the employee is not required to work, such holiday shall be considered as a day worked for the purpose of computing overtime.

ARTICLE VII-VACATIONS

Section 1. The amount of vacation to which each employee is entitled each year is as follows:

A. Employees with less than four years of service, computed from their **service date** receive two weeks. Vacation time is accrued at the rate of 1 day per month to a maximum of 10 days and is available on **their** 1st anniversary with the University.

B. Employees with more than four years but less than ten years of service, computed from their **service date** receive three weeks. Vacation time is accrued at a rate of 1 1/2 days per month to a maximum of 15 days and is available on **their** 5th anniversary with the University.

C. Employees with more than ten years but less than twenty years of service, computed from their **service date** receive four weeks. Vacation time is accrued at the rate of 2 days a month to a maximum of 20 days and is available on **their** 11th anniversary with the University.

D. Employees with twenty or more years of service, computed from their **service date** receive five weeks. Vacation time is accrued at the rate of 2 1/2 days a month to a maximum of 25 days and is available on **their** 21st anniversary with the University. **If the employee does not desire to take their fifth week of vacation, and it is acceptable to the University, such employee may be compensated at straight time for their fifth week of vacation.**

E. **Employees hired prior to July 1, 2021, with thirty or more years of service, computed from their service date,** receive six (6) weeks. Vacation time is accrued at the rate of 3 days a month to a maximum of 30 days and is available on their 31st anniversary with the University. **If the employee does not desire to take their fifth and/or sixth week of vacation, and it is acceptable to the University, such employee may be compensated at straight time for their fifth and/or sixth week of vacation.**

F. Employees working at least forty weeks per year on a regular basis will be credited with a year of service for the purpose of determining the amount of vacation due, **on a prorated basis.**

G. Accrued vacation will be paid to an employee who has completed the probationary period and leaves the University.

Section 2. Vacation shall be scheduled and taken at a time and at intervals that are mutually agreeable to the employee and that employee's designated supervisor. It is therefore expected that vacation will be requested of that employee's supervisor well in advance of the desired use by an employee, where possible, so that the absence can be planned for and the regular work flow is minimally disrupted. The University will **make efforts** to meet **employee's vacation** choices on the basis of employees' seniority. While the employee's preference will be respected wherever practicable, the University reserves the right to arrange schedules in order to meet operating needs.

Section 3. Vacations must be taken prior to the end of the employment year subsequent to the one in which they are earned.

Section 4. An employee shall continue to accrue vacation during periods of disability, but such vacation shall not exceed the vacation accrued during months actually worked in any given year.

ARTICLE VIII-SICK LEAVE, FAMILY MEDICAL LEAVE ACT, AND LEAVES OF ABSENCE

Section 1. A. Sick leave is to be used by an employee **in accordance with the University Safe and Sick Leave Policy to the extent that policy offers greater benefits than this contract.** Nothing in this Section 1A should conflict with the employee's FMLA rights outlined in Section 6 of this article.

B. Inability to perform work as a result of pregnancy shall be considered as illness for the purposes of determining eligibility for the payment of sick leave. Sick leave will be paid only if the employee continues active employment until the time the attending physician certifies that the employee is no longer physically able to work. The employee will be paid sick leave thereafter, to the extent that sick leave credits are available, for so long as the attending physician certifies that the employee is unable to return to work because of physical disability.

The date of return should coincide with the attending physician's certification that the employee is able to return to work. The University will, however, allow a grace period beyond this certification. Such grace period will not extend beyond three (3) months from date of delivery. Any failure to return at that point will be considered a resignation.

C. Employees are given sick leave credits as follows: (1) One day of sick leave credit is earned for each full month of service. (2) There is no limit to the number of sick leave credits which may be accumulated.

D. After completing the probationary period, absences due to illness will be charged against sick leave credits available as of the beginning date of illness. If and when an employee has exhausted all sick leave credits, future absence shall be without pay.

E. Any allowances available under New York State Disability Laws, the Health Fund or governmental coverage shall be deducted by the University from sick leave payments, unless arrangements are made by the employee to return such payments to the University for the period of time that sick leave payments are made by the University.

Section 2. An employee who has completed one full year of employment and has exhausted all sick leave credits but continues to be disabled shall be granted a leave of absence without pay and without accumulation of seniority rights for a period of time not to exceed two calendar months for each full year of completed service, up to a maximum of twelve months. At retirement (defined as including

those staff members who attain age 62 and have fifteen (15) years of service) employees shall receive payment at their current rate of pay for unused accumulated sick time to a maximum of 75 days.

Section 3. Any employee who is absent on paid sick leave for five or more consecutive working days must furnish satisfactory medical evidence to the **Office of Human Resources Management** at the time said employee returns to work. Any employee who is granted a leave of absence without pay in accordance with Section 2 hereof must furnish the Executive Director of Human Resources with a certificate from a doctor before and at the termination of the leave of absence.

Section 4. In the case of the death of an employee's spouse, parent or child, **grandparent** or sibling the employee shall be granted a leave of absence of five (5) days without loss of pay.

In the case of the death of other family members of the immediate family, an employee shall be granted a leave of absence of three (3) days without loss of pay.

For purposes of this agreement immediate family includes grandparent, mother-in-law, father-in law, son-in-law, daughter-in-law, sister-in-law, and brother-in-law, **aunt, uncle, niece, nephew, or domestic partner.**

The purpose of bereavement time is for the employee to grieve the loss of a close family member, prepare for and attend a funeral, and/or attend to any other immediate post-death matters such as settling wills and estates.

Section 5. The University agrees to abide by the provisions of the Selective Service Act and its judicial interpretation with respect to leaves of absence due to military service.

Section 6. For those employed by the University for at least 12 months, and for 1250 hours during the previous 12-month period, the University will grant an unpaid leave of up to 12 weeks during any 12-month period for one or more of the following reasons:

- To care for newborn child;
- To care for a newly adopted or foster care child;
- To care for a seriously ill spouse, parent, a child who is under 18 years of age, or dependent 18 years of age or older and incapable;
of self-care because of a mental or physical disability;
- Because of a serious health condition which renders the employee unable to function in **their** position.

If both an employee and **their** spouse work for the University, they shall be entitled to an aggregate leave limited to 12 weeks for the birth or adoption of a child, or the care of a sick parent. In all other cases noted above, each will be entitled to 12 weeks of unpaid leave.

An employee is required to use all accrued vacation and sick time before receiving family and medical leave. The combination of such accrued vacation, sick time and family and medical leave shall not exceed 12 weeks.

Section 7. Employees called to perform **their** duty as a juror will receive full salary providing **they** complies with the following guidelines: 1) Provide your immediate supervisor and the Human Resources Department with a copy of your notice; 2) Remit any payment, with the exception of travel money, to the Human Resources Department; 3) Return to work if you are released for any full or partial day from your duties as a juror; 4) Provide proof of the fulfillment of that obligation to both your supervisor and the Human Resources Department.

Section 8. The University agrees to make arrangements with the supervisor involved to excuse the chief union stewards (one on the Bronx campus and one on the Lincoln Center campus) from University duties for not more than four hours per week. Union stewards other than the chief stewards may perform their union functions on University time, but except in unusual circumstances, they will be expected to perform these functions in such a manner as not to interfere with their University duties and responsibilities.

The University agrees to grant a reasonable leave of absence without pay to employees selected to perform work for the Union, provided that at least three weeks prior written notice thereof is given **to a Human Resources Labor Representative** of the University. Such leave of absence shall not be granted where the work such employees are to perform for the Union includes participation in picket lines or other demonstrations. Employees granted such leave of absence will retain seniority during the leave of absence and accumulate seniority of not more than six months during such leave of absence.

Section 9. The University may grant a leave of absence with or without pay if, in the opinion of the University, such a leave would serve the best interests of the University.

Section 10. An employee will be considered to have resigned if the employee fails to return to work at the end of a leave of absence. If the individual is employed by the University at a later date, such individual shall be considered to be a new employee except that an employee granted a leave of absence without pay

under Section 2 shall retain all seniority rights if rehired by the University not later than the end of an additional period of time equivalent to the unpaid leave of absence.

ARTICLE IX-PROBATIONARY PERIOD

Section 1. Newly hired employees, other than employees hired for peak periods as permitted under Article III, hereof shall be considered on a probationary basis for a period of sixty working days from the date of employment. Other provisions herein notwithstanding, such employees may be terminated at any time during the probationary period without any recourse under this Agreement whatsoever. After the completion of the probationary period, seniority shall be effective as of the original date of employment.

Section 2. New hires will not be entitled to paid holiday time, recess breaks (Christmas break) and summer Fridays until **they have** satisfactorily completed **their** probationary period.

Section 3. Employees promoted to a higher rated level position shall serve a probationary period in the new position of thirty working days exclusive of vacations, leaves of absence and sick leave. In the event such promoted employee successfully passes the probationary period, the employee shall receive the salary adjustment as provided in ARTICLE XI, Section 3., below, retroactive to the date of promotion. In the event the employee does not successfully pass the probationary period, such employee shall be given **their** former position without any loss of seniority or pay or, if such former position has been filled, a position reasonably equal in responsibility and pay at **their** former campus location.

ARTICLE X-SENIORITY

Section 1. Seniority shall mean the length of continuous service within the University.

Section 2. An employee shall lose all seniority rights for any one or more of the following reasons:

- A. Voluntary resignation.
- B. Discharge for cause.

C. Failure to reply within three working days and return to work within five working days after being recalled from layoff by notice sent by registered mail,

return receipt requested, to the last address of such employee appearing in the University's personnel records, unless such failure to reply and return is due to illness or accident.

D. Layoff for a continuous period of more than one year.

E. Failure to return to work at the end of an approved leave of absence.

ARTICLE XI-PROMOTIONS AND TRANSFERS

Section 1. Promotion is hereby defined as a move from a lower class level to a higher-class level. It is the intent of the University; to the extent reasonably appropriate, to fill job vacancies from within the University before hiring new employees, provided that employees of the University are available with the necessary qualifications to fill the vacant position. The Chief Shop Steward is to be notified of all applicants and the final selection.

Section 2. Notice of all job vacancies shall be posted on the bulletin boards provided for in this Agreement. This notice will remain on such bulletin boards for five working days and will include job title, location, class level and range, and a brief description of the job duties including qualifications and necessary skills. Employees who make an application during this five-day period will be given first consideration for the vacancy. An application must be received by the close of business on the fifth working day, excluding the date the notice is posted. An application will be deemed received in the Human Resources Office if made orally and confirmed in writing, which writing is received in the **Office of Human Resources Management** by noon of the fifth working day after the notice has been posted, excluding the date of posting the notice. The Human Resources Office will forward only those candidates having requisite qualifications and the necessary skills, taking into consideration seniority. If no candidate is chosen from within the University, the University then has the right to employ a person from outside the unit to fill the vacancy.

Section 3. Promotions within the unit shall be made on the basis of seniority and qualifications. In the event two or more employees are equally qualified, the employee with the greater seniority shall be selected. An employee who is promoted to a higher class level shall receive the minimum of the new class level or a five percent increase for each level of progression, whichever is higher. All employees so promoted shall be placed in the higher rated level for a probationary period as specified in ARTICLE IX, Section 2. Promotional increases must be effective no later than two weeks from the date of selection.

Section 4. An employee may apply for and receive a transfer to a position within the same class level, but such transfer shall be made upon the request of the

employee and granted at the sole and absolute discretion of the University. Any employee so transferred shall receive the same salary as in **their** former position.

Section 5. Local 153 members who are in the suspension stages of progressive discipline will not be eligible for a lateral or promotional opportunity. Members must be in good standing for a minimum of one (1) year from the last suspension in order to be considered for a promotion and/or transfer.

ARTICLE XII-LAYOFF AND RECALL

Section 1. A. In the event of a layoff within a job classification of any department the University agrees to lay off probationary and/or temporary employees first. To avoid disruption of 153 employees, the affected employee(s) must access vacancies equal to their current level. **The affected employee must be qualified for the vacant position, the employee must be interviewed by the hiring department and submit to mandatory competency testing before being offered the position. In the event the employee does not exercise their right to interview for vacancies, or accept the position offered, they shall be laid off. Probationary employees will have recall rights to the campus from which they were laid off for up to three (3) months.**

B. The implementation of layoff procedures will be restricted to the campus location at which the **layoff** occurs, except that an employee who is **laid off** may request that **their** service and seniority rights be recognized at all campus locations, and such request shall be granted.

C. **After the provisions of Section 1.A above have been followed, the Local 153** the employee with the least amount of service in any classification will be the **next employee** laid off from the job. **The affected employee will have the opportunity to be interviewed for vacancies, and if none are available, they may apply for occupied positions within the same campus in the same or lower classification held by employees with less seniority. An employee will be given the opportunity to apply for up to five (5) vacancies and/or occupied positions in total. The affected employee must be qualified for the position, must be interviewed by the hiring department and submit to mandatory competency testing before being offered the new position. In the event the employee does not exercise their right to interview for open vacancies and/or occupied positions, or does not pass the mandatory competency test, or does not accept an offered position, they shall be laid off. The laid off employee will have recall rights to the campus location from which they were released for up to one year.**

An employee who is displaced from their job as a result of such bump-back the bumping procedure above may themselves move back and replace

employees having the employee with the least service in any classification in the same or lower classification level. Such employees must meet the minimum essential qualifications of the position, successfully undergo an interview process, and mandatory competency testing. Employees who **have been** bumped shall be given credit for full University seniority in the lower class level for purposes of any future downward moves.

D. If an employee bumps to a lower labor level, that employee will be paid at the third quartile of the new labor level, or the employee's current pay, whichever is lower.

Section 2. Where a **layoff** is necessary as provided in Section 1, the following principles and procedures will be followed in implementing such action:

A. If an employee who is removed from a position in accordance with the layoff procedures herein declines an offer of continued employment as provided for in Section 1 above, **that** employee will be **deemed** to have **voluntarily resigned**. If reemployed later by the University, **they** will be treated in all respects as a new employee.

B. A **Local 153 member** employed on a **continuous** but less than twelve-month basis (**i.e. 9-month or 10-month employees, or part-time employees**) will be considered to be continuously employed, being given credit for a full year's service for each annual period of employment.

Section 3. Sections 1 and 2 are not intended to limit or impair the right of the University to lay off employees.

Section 4. Notice of a layoff shall be given two weeks before the scheduled layoff except in cases of emergency where the length of time shall be reduced to one week. In lieu of notice of layoff, two weeks' pay may be given to the employee.

Section 5. In the event of a layoff other than temporary (temporary lay-offs shall not exceed forty-five calendar days) the laid off employee shall receive the following severance pay based on continuous service with the University: employees with six months but less than one year of service shall receive one week's severance pay; employees with one year or more of service shall receive one week's severance pay for each full year of service. Any individual who receives severance pay and is recalled in less than one year shall have the privilege of repaying the severance pay to restore **their** original date of employment as the basis for the computation of all benefits. If the employee chooses not to repay the severance pay, the employee will be considered to be a new employee and the date of employment shall be the rehiring date.

Section 6. Any employee laid off shall be placed on the recall list for a period of one year.

Section 7. The University, upon rehiring, shall do so in the inverse order of seniority, i.e., rehire the last employee laid off, provided, however, that such employee has the qualifications for the position for which **they are** rehired. If an employee is unable to return to work within the time provided in ARTICLE X, Section 2.c. hereof, because of actual illness of the employee, then the University may recall the next most senior employee laid off and the originally recalled employee shall retain **their** status on the recall list. The University agrees not to hire from the open market while employees on the recall list, who are qualified to perform the duties of the vacant position and are ready, willing and able to be re-employed.

Section 8. An employee recalled and reinstated to the former position shall receive **their** former rate of pay in addition to any wage increases to which **they** would have been entitled had **they** not been laid off and which arose during the period **they were** on the recall list.

Section 9. Any notice of recall to an employee who has been laid off shall be sent by registered mail, return receipt requested, to the last address of such employee appearing in the University's personnel records.

ARTICLE XIII- RESIGNATION/DISCHARGE

Section 1. Employees who resign from the University must have six (6) months of continuous service and provide **their** supervisor with a minimum of two (2) weeks notice in order to receive unused and accrued vacation time.

Employees, who are discharged from the University and have completed six (6) months of continuous service, will receive unused and accrued vacation time.

Employees who are terminated as a result of a Violation of Fordham University's Code of Conduct, will not be eligible for **their** unused and accrued vacation time.

Vacation due under this Section will be paid no later than the payroll following the member's last official paycheck.

Section 2. It is hereby agreed that the University has the right to discharge or otherwise discipline any employee for just and reasonable cause.

Section 3. In the event of a discharge, the employee shall have the right to file a complaint with the University under ARTICLE XX within five working days
