

FORDHAM UNIVERSITY

THE JESUIT UNIVERSITY OF NEW YORK

PRESIDENT'S COUNCIL

Dear Father McShane,

The President's Council is proud to represent one of your many inspirations as President, and promises to live on as one of your many important legacies.

We are grateful that when you arrived at Fordham in 2003 as its 32nd President, you had a vision to create a Council of Fordham's top supporters, and to marshal our philanthropy and enthusiasm for Fordham's mission in a multitude of powerful ways. Nineteen years later, in addition to helping make the Fordham Founder's Scholarship one of the University's largest and most diverse, the President's Council has mentored countless students, welcomed thousands of admitted applicants to the Fordham Family, served as guest speakers in hundreds of classes, and hosted dozens of University gatherings. All of this high-touch, deep engagement has been inspired by your matchless commitment to Fordham's enduring mission.

Collectively as a Council, we are deeply grateful for your servant leadership and the witness you give to your vocation every day. We will proudly carry on the mission of the Council in your honor, and strive to be the ambassadors for Fordham that both you and the University richly deserve.

On behalf of the entire President's Council, thank you for the invitation to serve by your side these past nineteen years. It has been a privilege and an honor.

With deep admiration,
Todd G. Cosenza, GABELLI '95, LAW '98
Chair, Fordham University President's Council
