PROPOSED GRANT INFORMATION

PROPOSED PROJECT TITLE

CURRENT OR PLANNED FUNDING

Have you received or are you seeking additional funding for this project from another source? YES NO
If so, please list the sources and dates, and describe the unique contribution to your project that will be provided by the Ethics Center grant.

OTHER FUNDED PROJECTS

Do you currently have funding for other research projects, in addition to the one being proposed?

YES NO. If so, please list the sources:

:

HUMAN OR ANIMAL SUBJECTS

Does the project for which you are requesting funding involve:

Human subjects, the collection or use of non-public personal data, interviews or information from any individual, living or dead? YES NO

Does the project for which you are requesting funding involve animal subjects? YES NO

Note for the above funding will follow IRB approval if relevant.

PURPOSE OF FUNDING

To form the initial seed funding for external grant

To submit a journal article, book, monograph or other publication

Other (please explain)

PROJECT AIMS AND IMPACT (up to 500 words).

Please provide a summary of the proposed project that provides a clear and concise statement including the following:

- A. The specific aims/problems/questions to be addressed by the project and how it will advance/contribute to current research/scholarship in the field
- B. How the project will specifically address issues related to ethics, social justice, and/or health disparities

RESEARCH METHODS AND MATERIALS (up to 1,000 words).

- For research with human or animal participants please include a description and feasibility of recruitment procedures and participant characteristics and sample size
- For archival research, please include a description of the archival data, feasibility of access, and how it will provide sufficient data for this project
- For other types of research please include a description of the scholarly literatures, theoretical frameworks, or other resources with which your project will engage.
- If you need to include graphics, tables, or other supplementary materials, please attach as a separate document

TIMEFRAME

Please describe the current stage of research to date and timeline for initiation and completion of award portion of the project. (Please note that a post-award summary of the project is due to the Ethics Center October 1, 2022.)

PRODUCTS AND OUTCOMES

- For an article, please list the target journals for publication and meetings at which the project will be disseminated;
- For an external fellowship or grant application, please provide the request for proposal (RFP) or funding agency;
- For a book, reiterate whether you already have a contact or identify your targeted/interested publisher(s) and your timeline to completion;
- If other (please explain)

BIBLIOGRAPHY

Please list your own publications that are relevant to this project and the essential titles or materials of other scholars upon whose work you will either build or to which you seek to present alternatives.

BUDGET REQUEST

Maximum budget: \$7,500. Up to \$2,500 may be paid as a one-time stipend to the awardee or divided among faculty co-investigators, subject to applicable tax withholdings and in accordance with the University's standard payroll schedule, or on a reimbursement basis, or a combination thereof. Remaining grant funds can be used to support research assistants, participant compensation, data collection, software, books, scholarly resources, supplies, research related non-conference travel, or other legitimate costs subject to [University Guidelines](#). Research assistants will also be paid through the University payroll. Monies cannot be provided for capital costs/furniture or office computers.
