Fordham in Granada is based at Cultural Experiences Abroad (CEA) and the University of Granada, the third largest university in Spain, with a diverse student population and history dating back to 1531, when Emperor Charles V founded the institution on the site of the previous Arab University. Granada, a recognized World Heritage Site and a City of Literature by UNESCO, is one of the most beautiful cities in Spain and the world. It is also the hometown of Federico García Lorca and the center for flamenco culture. The Alhambra Palace, the Sacromonte and Albayzin neighborhoods, the Cathedral and the numerous Baroque churches of the city are a testament of a rich past which continues to be alive through its vibrant university community.

University Facilities
As enrolled students at the University of Granada and Centro de Lenguas Modernas, participants have access to the university’s facilities including libraries, audiovisual media centers, multimedia classrooms, and the Cultural Experiences Abroad (CEA) office. Students are offered individualized tutoring and can expect their academic progress to be supported by program staff. Workshops on creative writing, film editing, cooking, social service, as well as conversation exchanges and other opportunities are offered.

Internships & Social Justice
Fordham in Granada offers the opportunity to enroll in for-credit internships administered Cultural Experiences Abroad (CEA) in partnership with local organizations in the fields of Education, Non-Profit Administration and Teaching.

Internships require the completion of two hours of seminar instruction and 40 immersion hours at a placement site. Internships are available at all levels of Spanish proficiency.

Housing
Students in the Fordham in Granada program will have the opportunity to choose between a homestay or a student residence hall living arrangement.

In a homestay, participants will live with a Granadan family for the semester, where they will be provided with an immersive experience and basic amenities, including linens, three meals a day seven days a week, and wifi. Homestay families are carefully selected by Cultural Experiences Abroad (CEA).

In a student residence hall, participants will be part of a larger CLM and study abroad community, and will be provided basic amenities, including linens, three meals a day six days a week, and wifi. In both accommodation types, students typically share a private bedroom with another program participant and will have access to additional support staff through CEA.
