- Finance in sustainable organizations
- Leading organizations in the 21st century
- Managerial statistics
- Modern management
- Modern operation and supply chain management
- Purpose-driven marketing
- Responsible Business Coalition
- Sustainable business and global initiatives management

ALUMNI PERSPECTIVE

“The Global Immersion delivers a firsthand glimpse at how leading industries are developing socially innovative and sustainable solutions to society’s most significant challenges. This opportunity...[provokes] you to reconsider traditional management models and explore new definitions of leadership and management.”

MICHELLE GONZALEZ, MSM ’19
Associate, Development Program, Columbia Bank New Jersey
